DEATH'S ENDLESS HARVEST

DAYS OF DR. GOETTMAN, PROMINENT PASTOR, CLOSED.

Oldest Citizen of County for a Week, Child Burned to Death--Other Deaths in and Out of County.

Rev. John G. Goettman, D. D., pastor emeritus of Trinity Lutheran church, Allegheny, died on Sunday Nov. 5, after an illness of one hour from a stroke of apoplexy. Dr. Goettman was born in Franklin county in 1838 and graduated from the Theological Seminary of this place in 1861. He began his pastorate of Trinity church, Allegheny, in 1863, which continued for period of 35 years, until after his first stroke of apoplexy in 1897. Dr. Goettman has been a prominent figure in the ministerial life of his city. He was for years a director of the Seminary here, a trustee of Gettysburg College and Loyola's Orphans' Home. The funeral took place in Trinity church last Tuesday, the body lying in state there for an hour. He married Miss Catharine Yeager, a sister of Charles Yeager, Esq., of New Oxford, who with one daughter, Miss Bessie Goettman, survive him.

Lottie M. Boose, a five year old daughter of T. L. Boose, residing at Coffeetown, about two miles from Latimore post office, died from burns. While playing about a fire in the yard which had been kindled for washing, her clothing caught fire and she was burned to death before help could reach her. Interment was at Chestnut Grove church.

Mrs. Mary Topper, widow of the late Daniel Topper, died last Thursday afternoon at the home of her son, Samuel Topper, at Bonneauville, aged 97 years, 4 months and 29 days. Upon the recent death of William Criswell, Reading township, 18 months older, it was believed that Mrs. Topper became the oldest resident of the county but did not long enjoy that distinction. She was a native of Reading township, a daughter of Samuel Forsythe of Hampton. Her husband died about 23 years ago. The funeral was held on Saturday, services by Rev. Father Costigan in Catholic church at Bonneauville, interment at Conowago Chapel. She leaves two sons and one daughter, Joseph Topper of McSherrytown, Samuel Topper of Bonneauville, and Mrs. Lizzie McMaster of Bittiger.

Mrs. Sarah O. Ridenour died at the home of her brother, John M. Fisher, near Creagerstown, Md., of pneumonia, on Oct. 29 aged 76 years, 1 month and 15 days. She was the widow of the late Solomon Ridenour, who died a month ago. John M. Fisher and two other brothers and one sister, Mrs. Catherine Steer of Littlestown, survive her.

Henry Bratcher died Nov. 8 at his home in Baltimore in his 90th year. Body was brought to Hanover and interred in Mt. Olivet Cemetery. He was the father of Charles M. Bratcher, one of the engineers on the W.M.R.R. **Walter McPherson** was the real name of the tramp found dead along the Northern Central railway last week. He was a native of Ireland and was better known as "Dublin Baker", and had been a frequent visitor of the Conowago Valley where he had many friends with whom he would stay for a short season. He figured in a fight at Union Hotel, McSherrytown, about a year ago, out of which he came with several fractured ribs and at the time was committed to Alms House of this county.

Lewis McPherson died at his home in Washington on Nov. 4, from paralysis, aged 64 years, after an illness extending over two years. Funeral was held on Wednesday of last week and was attended by Emory J. Plank of this place. He is survived by a wife who was Miss Flora Spangler, a sister of Mrs. M. L. Plank of Stratton street, this place, and one son.

Mrs. Annie Aulabaugh, widow of Zephaniah Aulabaugh, died on Nov. 5 at her home in Baltimore aged 62 years. She was born in East Berlin but for last 35 years has lived in Baltimore. Funeral on last Wednesday. She leaves a son and a daughter. A

sister, Miss Katie Latshaw, of East Berlin, also survives. Deceased was 23 years old. John M. Minnigh of this place, and two of latter's daughters, Mrs. R. C. Sheads and Mrs. Wm. Homan, attended funeral.

Charles W. Coshun, son of Mr. and Mrs. Charles E. Coshun, died at his home in Mt. Joy township yesterday morning about 3 o'clock, aged 20 years and 2 months. His illness started last week with a boil on nose which led up to erysipelas of the brain. He was a young man of exemplary habits and for one of his age held the respect of his community to an unusual extent. The funeral will be held at Mt. Joy Church on Thursday, Rev. W. G. Minnigh conducting services.

The Low Dutch Graveyard
During the years from 1765 to 1775 colonies of Dutch from New York and New Jersey emigrated to Conowago, Pa. About two miles east of Hunters-town is the ancient burial place of the colony, locally known as "The Old Low Dutch Graveyard."

It is an historical spot, located near the geographical centre of Adams county and is one of the oldest burying grounds in the county. There rest many of the pioneers who blazed the trail, fought the Indians, cleared out and conquered the primeval forest. The kindred of many of these early settlers have long since been removed and few are left to keep in repair this sacred place which is now forsaken and neglected. To neglect a place like this is an indication of national and spiritual decay. An effort is being made to rebuild the wall, put in order the graveyard and endow it. Considerable money has been raised but not sufficient. We have asked for \$700 but have only \$500. If this ancient "God's Acre" is to be preserved the work must be done now.

Recently a business meeting was held on the ground. Those personally interested and friends in the vicinity were present, among them Rev. W. W. VanOrsdel from Montana and his two brothers, also Rev. D. W. Cassat from Iowa. The following committee was appointed to take charge of the work: David Conover, Henry Osborne, J. J. Stahle, William Storrick, Harry Montfort, Frank Hartzell, J. Frank Brinkerhoff, Jennie T. Montfort, the last two named to be continued as the Finance Committee. Contributions for the work can be sent to Miss Jennie T. Montfort, Gettysburg.

On the Wagner farm occupied by Henry Eckert within a short distance of graveyard is the famous Indian Spring. As the story goes the Indians took a section of a hollow tree and forced it down in the spring. It was a famous Indian camping ground and Indian relics have been dug up all around the spring. Ten days ago the spring was visited and two gentlemen reaching down in the water six inches or more found the casing of wood intact and it has been known to be there ever since county was settled.

THE TOWN FATHERS MEET

ROUTINE BUSINESS DISPOSED OF IN A SHORT SESSION.

Sewer Bonds Will be on Sale at Town Banks--Rock Encountered in Sewer Foots up 1300 Yds.

Regular November meeting of Town Council was called to order by Councilman E. P. Wisotzky, President of Council A. B. Plank while much improved has not returned from hospital. J. L. Williams, Borough Attorney, presented a form for sewer bonds, which was approved and Finance Committee was ordered to have bonds printed according to approved form.

A letter from N. W. Halsey & Co. of New York was read, offering to take bonds. After discussion it was decided that bonds should be placed for sale in town banks. The Town Council are not in a hurry to get rid of bonds, as the moment they are sold and money received interest will begin on \$30,000. It is considered cheaper to pay interest on the money needed for sewer construction to our banks until total shall run toward total of bonds. Total paid out for sewer now has not reached \$10,000.

Dr. Henry Stewart asked Council what was going to be done about requisition of Board of Health to pay physician's bill of \$375 and after some talk it was agreed to pay same. In closing this episode Councilman Wisotzky remarked that the Board of Health are reputable business men and Council should give their judgment as much respect and credit as Councilmen expect the people to give theirs, and when they ask for appropriations they should be given.

Highway Committee reported new crossing on Middle street at Frank Deardorff's corner. It was said that Martin Winter wanted a single crossing on Broadway of old crossing stone along Cathale street and that he proposed to make a crossing of new stones near his new double building on this street. As one of the crossings was partly outside of the borough the matter was placed in hands of Highway Committee to build crossing however wholly in borough, Mr. Winters to build other one.

A Councilman reported that a party had fallen on pavement of J. Sweeney on Baltimore street and notices were ordered to be sent to J. Sweeney and J. N. Lightner to make pavements in front of properties on Baltimore street and to Geo. Weikert on Chambersburg street.

Burgess Eicholtz reported that L. D. Miller had taken out no building permit for house going up on York street and there had been some talk whether building was on line. Burgess was authorized to have surveyor give exact building line before issuing his permit. It was suggested that it was a good season now to clean streets and Highway Committee was authorized to clean them.

Councilman Wisotzky reported that a party had been to town and asked permission to put a relief valve on the fire engine. There was such a valve on one side of engine and the fire company desired both sides to be so equipped. When valve was on engine he said the engine would be tested and he requested Councilmen to be present.

Burgess reported a proposition of Bell Telephone Co. to put telephone in Engine House without charge if Council would pay for one at Burgess' office at \$18 a year. It was thought a telephone would be useful next year in Burgess' office but as there would be an election for Burgess in spring there was a question in minds of Councilmen and Burgess as to what should be done now, so matter was referred to Property Committee.

The Finance Committee was authorized to borrow sufficient funds to pay general and sewer bills. General funds of town are being used to pay sewer bills until sewer bonds are sold, when the same will be reimbursed.

The sewer contractors set in bill for work done, pipe laid, man holes put down and rock excavated \$2,454.59, and with 15 per cent. retained, \$2,926.75 was due. There was 548 yards of rock in the estimate, making a total of 1,300 yards, with work estimated to be one-third done. Ditches yet to be dug are those less in depth, where it is hoped less rock will be found.

Burgess Eicholtz reported following collections:

HUNTING CAMPS OPENED.

Deer Season Begins Today And Hunters Are Ready For them.

The hunting camps have been laid out, tents put up, luggage got together and hauled to camp and hunters are ready for the deer that can be killed between Nov. 15 and Dec. 1. No slouch of a hunter will get a deer this year. There can be no hunting with dogs. No deer can be killed with buckshot or anything else than a single bullet. Only one deer can be killed by an individual in the season. Many hunters have bought rifles, yet there are hunters who will use their shot guns with a single ball cartridge.

The camps will be located this year at the same points where they have been in previous years. The Cashtown camp was begun on Monday. It was expected that it would take until today before everything was in readiness and they did not want to lose any part of the season making camp ready. The Cashtown camp is located near Newmans'. Near their camp is the Monterey camp.

The Arendtsville camp was arranged yesterday on their own ground at the Big Flat. In point of age and one location, this is the oldest in county. At the Miltenberger place, near Big Flat is located Kane camp. The Brysonia camp is on its old ground near Pine Grove.

These camps are arranged so comfortably that the hunter is as warm as though at his own fireside. The big sleeping tent, dining tent and kitchen tent each have stoves in the centre and things are made as warm as toast.

Now for the deer.

C. E. Convention.

The Second Annual Convention of the Y. P. S. C. E. of Adams County was held in the Presbyterian Church of this place last Friday and Saturday Nov. 10 and 11th. On Friday afternoon Rev. D. W. Hand in Corn Husker.

Luther M. Zimmerman, of Emmitsburg, was helping to operate a corn husking machine on farm of Edgar Shriver, in Liberty township, when in the act of taking a corn husk from the rolls of the machine the rolls caught his glove and pulled his right hand into the rolls. Mr. Zimmerman pushed the belt from pulley and machine stopped. The rolls were then prised apart and hand released which was badly torn and mashed, but no bones were broken.

Made Fire With Kerosene.

Mrs. Harry Lerew, of York Springs, on a recent morning found the fire in her cook-stove apparently out and piled on some kindling over which she poured some kerosene. When she struck a match to the kindling there was a loud report and the lids flew off the stove and the flames scorched her face and eyebrows. It was a narrow escape.

Mr. Hartlaub to pay costs of the term. The two cases of H. and L. Laughman vs The Fire Association of Philadelphia and The Farmer's Fire Insurance Company of York were continued. In the case tried some months ago there has been an appeal taken to Superior court and the Court was of the opinion that no interests would be prejudiced by a continuance as the final determination in that case might control present cases. This left four civil cases for trial when criminal court had ended.

HISTORY OF MT. JOY CHURCH

TOLD BY THE PASTOR, REV. W. G. MINNICK.

A Few More Than Fifty Years Old—Church Once Destroyed by Fire—Handsome Edifice.

On the 25th of July, 1851, on or near the place where the church is erected, an informal meeting was held by members of the Lutheran church residing in the immediate neighborhood but who were compelled to drive a number of miles to attend the services of God's house. The purpose of the meeting was to select a site for a proposed church edifice. The ground belonged to Jacob Maring, Sr. Those present were Rev. Solomon Sentman, Rev. J. P. Smeltzer and Messrs. John Maring, Jacob Maring, Abraham Waybright, John Eyer, Samuel Reck, Henry Clutz, Christian Shriver, Jesse Sharetts, John Hankey and John Hoffman.

Rev. Sentman proposed that the blessing of God be invoked upon the undertaking and offered prayer. The meeting was called to order. Mr. John Maring was elected chairman. Rev. Sentman acted as secretary. The meeting adjourned to meet immediately at the home of Mr. Robert McKinney. A committee was appointed to draft resolutions for consideration. This committee, consisting of Messrs. Abraham Waybright, Samuel Reck and John Hoffman, retired and formulated the following resolutions:

Resolved, That in behalf of the members of the Ev. Luth. church in this vicinity, in order to enjoy the means of grace more fully and conveniently, we deem it necessary to build a house for public worship on the site proposed.

Resolved, That said edifice be of brick, 50 feet long and 40 feet wide.

Resolved, That the following persons, viz: John Maring, Samuel Reck, Abraham Waybright, John Hankey and John Hoffman be appointed a building committee whose duty it shall be to solicit subscriptions and take such other means as they shall deem necessary to carry out the object of this meeting.

Resolved, That this committee report progress to an adjourned meeting to be held on the site of the contemplated church on Saturday, August 9th, at 2 p. m., and at the same time an address be delivered and such other exercises held as may tend to awaken an interest in this enterprise.

These resolutions were unanimously adopted and the meeting adjourned with prayer by Rev. J. P. Smeltzer. On August 9th, 1851, the adjourned meeting was held. Rev. Sentman delivered an address. The committee reported that subscriptions amounting to \$783 had been received and that they were encouraged to proceed with the work. Jacob Maring, Sr., was appointed treasurer. After arranging some minor preliminary matters, the meeting adjourned to meet August 23.

On that day a considerable number of persons assembled. Rev. Sentman delivered a sermon and the following persons handed in their names as desirous of uniting with the proposed congregation:

Hannah Allison, John Cromer, Elizabeth Cromer, Henry Cromer, Harriet Cromer, Anna Mary Caskey, John Eyer, Catharine Eyer, Hannah Louise Eyer, afterwards Mrs. Klingel, Margaret Catherine Eyer, afterwards Mrs. Hankey, John Hankey, Susanna Magdalena Hankey, John A. Hankey, John N. Hoffman, Sarah Ann Hoffman, afterwards Mrs. Milnehus, Jacob Maring, Sr., Ann Margaret Maring, Jacob Maring, Jr., Harriet Maring, John Maring, Sophia Maring, Arthur McGuigan, Elizabeth McGuigan, Margaret Ann McGuigan, afterwards Mrs. Angel, Catharine Meikel, Samuel Reck, Hugh G. Scott, Elizabeth Scott, Jesse Sharetts, Rachael Sharetts, Christian Shriver, Alice Jane Shriver, Abram Waybright, Margaret Waybright, Mary Elizabeth Waybright, Ann Margaret Waybright, afterwards Mrs. Hesson, Sarah Caroline Waybright, afterwards Mrs. Horner, Mary Sarah Hankey.

The congregation was then formally organized: a constitution was adopted and nominations for officers were made. On Sept. 7th services were held in Green Bush school house (now Centennial Hall). A sermon was delivered by Rev. Sentman and then the first election for officers was held. The following were elected elders: Samuel Reck for two years and John Hoffman for one year; deacons, Jesse Sharetts for two years and Arthur McGuigan for one year; trustees, John Eyer for two years and Christian Shriver for one year. These officers were immediately installed.

During the winter of 1851-2 services were regularly conducted at Green Bush school house and active preparation made for the building of the church. Bricks were brought on sleds from the farm of John Hankey. Lumber was hauled from Wrightsville and lime from Woodstock, Md. So soon as the weather permitted work was begun on the foundation. On the 27th of April 1852, the corner stone was placed in position. Rev. Sentman was assisted by Rev. S. S. Smucker, D. D., and the Rev. P. Anstadt. Dr. Smucker delivered a sermon in the English language and Rev. Anstadt delivered an address in the German language. Dr. Smucker laid the corner stone. The choir of the Lutheran church of Emmitsburg was present and led in the singing.

On October 24th, 1852, the completed edifice was solemnly dedicated to the worship and service of the Divine God. The Rev. H. L. Baugher, D. D., assisted Rev. Sentman in this dedicatory

service. The writer is unable to discover the cost of this building. If a record was made it has been lost. On Nov. 21st 1852, the Lord's Supper was celebrated for the first time. Eighty persons communed. On the Saturday previous sixteen were received into the church by the rite of confirmation.

During this time Rev. Sentman was pastor of the Taneytown charge. He accordingly served this congregation as its pastor from its organization until June 20th 1858. His successor was the Rev. L. T. Williams, who served the congregation until 1867, being compelled to resign on account of ill health. Rev. P. Bergstresser succeeded him, preaching his first sermon on Nov. 2nd 1867. During his ministry a large number were added to the church.

On June 3rd 1870, it was decided to repair the church. John Maring and Samuel Reck were appointed to solicit money for this purpose. The church was painted, the walls frescoed, new pews and altar railing and pulpit were purchased, coal stoves replaced the old wood stoves and matting was laid in the aisles. The church record says that there was some opposition at first but that when the improvements were completed and paid for, every one was pleased. The church was rededicated on Oct. 2nd, 1870. Rev. Bergstresser was assisted by the Rev. Dr. Brown. The improvements cost \$615.

Rev. Bergstresser closed his labors as pastor on Sept. 20th, 1874. Rev. W. H. Luckenbach succeeded him, serving as pastor until April 1st 1877. For some months after this date the pulpit was supplied by Rev. E. S. Johnston, at that time pastor of the Lutheran church at Emmitsburg.

On March 15th, 1878, a special council, joint council, meeting was called by the council of Trinity Lutheran church, Taneytown. The meeting was opened with prayer by Rev. Johnston. A committee from the council of the church at Taneytown stated the object of the meeting to wit: "To take into consideration the propriety of separating the charge and to see if it could be satisfactorily accomplished." Prior to this time, however, and without notifying the Mt. Joy congregation of their intention, the congregation at Taneytown, by a practically unanimous vote, had decided to separate from this part of the charge. The proposition submitted by the committee of the church at Taneytown was discussed by Rev. Johnston, Dr. Bush, Henry Benner and others. The following action was the result: "Inasmuch as the committee from Taneytown has informed this council that their congregation wishes the charge divided, so that Taneytown may become a self-sustaining congregation and have a pastor of their own, therefore

"Resolved, That we appreciate the necessity of some such change and will immediately try to form ourselves into a charge with some of the neighboring congregations.

"Resolved, That we desire to remain in connection with Taneytown until a satisfactory and self-sustaining charge can be formed or until the meeting of the West Pennsylvania and Maryland Synod in the fall."

On the 18th of March, three days later, the council of this church convened.

A question which seemingly had caused considerable difference of opinion, was decided at this meeting. The question was: whether the Sunday School could be held in the church building or not. It was decided that it could be so held from April 1st to Nov. 16th each year.

At this meeting, a committee consisting of Dr. Bush and J. F. Waybright was appointed to endeavor to form a charge with Flohr's church or some other congregation. A communication was read from the council of the Taneytown church, agreeing to permit their pastor to supply the Mt. Joy church until the meeting of synod. Rev. Finckel was the pastor at Taneytown at this time. Many of the members opposed this proposition, not because of any personal feeling against Rev. Finckel, but on account of the former action of the Taneytown congregation. On April 27, 1878, a congregational meeting was held. Dr. Bush presided and prayer was offered by Henry Benner, the committee appointed to form a charge with some other congregation, read letters from the councils of Flohr's church and St. Paul's, Littlestown, refusing to receive the Mt. Joy congregation into union with themselves.

The question, will the members of this congregation form themselves into a self-sustaining charge, was then discussed. Pending its decision, another question was decided. By constitutional enactment the qualified electors of the congregation were the male members, in good standing, of 21 years of age and over. The right of voting was now conferred upon the female members of the congregation. It was then decided that the congregation should become self-sustaining. Rev. M. L. Beard, then a student in the Seminary, at Gettysburg was elected to serve as a supply until July 1st 1878. On June 23 he was elected

by the congregation as the regular pastor.

On Jan. 1, 1880, the council passed a resolution expressing the opinion that for the best interests of the congregation, a parsonage should be erected. On Jan. 31st the congregation decided to erect a parsonage and a committee consisting of Christian Shriver, Rev. M. L. Beard, George Null, Samuel D. Reck and J. A. Weikert was appointed to consider the probable cost, etc., of proposed building. They made their report on March 1st. The report was considered and it was decided to erect a parsonage, size 44 x 24 ft. Samuel D. Reck and James A. Weikert were appointed to collect the amount needed to pay for the parsonage, plus \$300 for other improvements. Rev. Beard preached his farewell sermon on Feb. 27, 1881.

On March 28th Rev. J. W. Asper was elected to serve as a supply until July 1st. He was elected regular pastor on the 8th of May and served in that capacity until the first of May, 1887. During this period the parsonage was completed and other improvements were made at a cost of about \$1900. Rev. H. M. Heilman succeeded the Rev. Asper.

On the 2nd of March, 1890, just as the pastor announced his text, it was discovered that the edifice was on fire. Nothing was saved except the organ and bible. A congregational meeting had been called for the 3rd of March to decide if the old church should be repaired or a new one erected. It is supposed that considerable difference of opinion would have been manifested. The fire settled the question. The congregation proceeded, at once, to rebuild.

A committee of sixteen, with power to add five members to itself, was appointed to present plans to the congregation. This committee was composed of David Weikert, David Zentz, John Harner, Levi Plank, Newton Horner, Henry Shriver, Sentman S. Shriver, David Maring, Wm. Walker, Jacob Waybright, Jacob Sharetts, John Sharetts, Samuel D. Reck, Joseph Spangler, Henry Benner, Josephus Mills, John Benner, Edwin Benner, David Spangler, Jacob Keefeauver and Franklin Cromer. Jacob Waybright was the chairman, Franklin Cromer the secretary and David Maring the treasurer.

Subscriptions to the amount of \$937.33 were taken by Levi Plank and Henry Shriver, \$765.25 by Jacob Waybright and John Sharetts, \$679.00 by Samuel D. Reck and John Benner, \$823.98 were subscribed on the day of dedication, \$78.11 were received from the sale of old lumber, \$1,000 from the Insurance companies. The Ladies Aid Society raised \$300. The total cost of the church was \$4531.34. In addition much hauling and labor were done gratuitously by the members. After paying all the bills there was a balance of \$39.44.

The corner stone was laid June 15th 1890, the Rev. E. J. Wolf, D. D., preaching the sermon. The church was dedicated on Nov. 30th 1890. Addresses were delivered by Rev. M. Valentine, D. D., L. L. D., and by Rev. H. L. Baugher, D. D. Rev. John Weidley assisted at this service.

During the pastorate of Rev. Heilman 38 of the members were dismissed in order to form the St. Paul's Ev. Luth. church of Harney. A brick church was erected. This congregation now numbers 210 baptised members.

Rev. Heilman's resignation went into effect on Sept. 1st 1893. The present pastor, Rev. W. G. Minnick, took charge on Dec. 1st 1893. During this time he has received into the Mt. Joy church 381 members. By letter 51, by confirmation 112, by adult baptism 9, by profession of faith 16, by renewal 17, by infant baptism 176. Many improvements have been made. A well 96 feet deep was sunk. An iron fence erected in front of the parsonage. The parsonage and barn were roofed and the barn painted. A carpet was purchased for the S. S. room. The furnace was rebuilt. In 1901 the church was frescoed, the exterior painted and the pews polished at a cost of over \$300. The money necessary to pay for these improvements was previously collected by Franklin Cromer, Samuel D. Reck, William H. Walker and William Keefeauver.

Re-dedicatory services were held on Sept. 1st 1901, the Rev. E. J. Wolf, D. D., preaching the sermon.

On Sept. 8th the pastor delivered an historical sermon tracing the development of the congregation from its organization. Rev. M. L. Beard assisted at this service.

The church at the present time has a baptised membership of 518, a Sunday school of 140, of which John W. Benner is the superintendent and John W. Black the assistant superintendent, and a C. E. Society of 49 members, of which the pastor is the president.

The officers of the church are: Elders, Samuel D. Reck, Franklin S. Cromer, Deacons, Aaron Fleck, Howard Shriver, George Rhode, Franklin Waybright, Trustees, John F. Sharetts, Edwin H. Benner.

The Mt. Joy church gave these men to the ministry: Rev. J. A. Clutz, D. D., of Gettysburg, Rev. U. A. Hankey of New Kensington, and Rev. W. D. E. Scott of Loysville.

The church property is in good condition and there is no debt resting upon it.

Measles in Animals.
Veterinary surgeons know, but the general public probably does not, that some animals are as liable to measles as are human beings. Goats and horses are the principal sufferers in the dumb creation, and from them the infection may be transmitted to man. In horses the disease is known as "hydrocephalus acutus." Of horses affected with the disease, 78 per cent die, and the remainder have a chronic tendency to relapse.—London Globe.

MASS OF SORES

Awful Suffering of Little Boy
from an Itching Humour

CURED BY CUTICURA

Not One Square Inch of Skin on
His Whole Body Unaffected

"My little son, a boy of five, broke out with an itching rash. Three doctors prescribed for him, but he kept getting worse until we could not dress him any more. They finally advised me to try a certain medical college, but its treatment did no good. At the time I was induced to try Cuticura he was so bad that I had to cut his hair off and put the Cuticura Ointment on him on bandages, as it was impossible to touch him with the bare hand. There was not one square inch of skin on his whole body that was not affected. He was one mass of sores. The bandages used to stick to his skin and in removing them it used to take the skin off with them, and the screams from the poor child were heart-breaking. I began to think that he would never get well, but after the second application of Cuticura Ointment I began to see signs of improvement, and with the third and fourth applications the sores commenced to dry up. His skin peeled off twenty times, but it finally yielded to the treatment. Now I can say that he is entirely cured, and a stronger and healthier boy you never saw than he is to-day." ROBERT WATTAM, 4922 Center Ave., Chicago, Ill., Dec. 30, 1897.

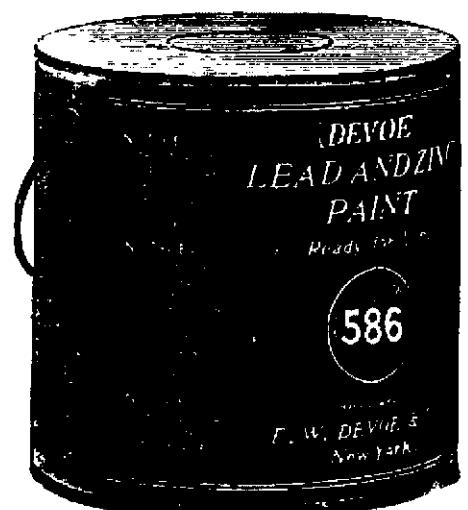

SIX YEARS LATER Mr. Wattam writes

A Four-story Story

(Copyright, 1905, by Homer Sprague.)
"Pa Perkins, have you gone and got a sun-bake or hit your foot a whack with the hoe?"

"No, I've got an idea!"
"Shoot! Now, Pa Perkins, don't you go to fiddlin' with them squashes and tryin' to make citrons or pumpkins out of them. When people want squashes they don't want anything else."
"Squashes be hanged!" he indignantly yelled. "I tell you I've got an idea that will make us rich as John Jacob Astor within two years! It's goin' to upstair the hull world!"

"Larned! Sit down on the steps and tell me about it while I finish this pie and get it into the oven. If you've got an idea it's something new, and I hope it won't strike in and make you sick. Now, larn, what is it?"

"You've seen a beehive, of course?"
"I wasn't born blind."

"You know that a swarm of bees swarms every year?"
"Of course."

"But why do they swarm?"
"Why does a bull go around pawin' the earth and belterin'?" He does it because it's his nature. It's the nature of bees to swarm every spring, and what are you goin' to do about it?"

"That's it—that's the idea—that's just what I wanted you to say!" exclaimed Pa Perkins as he rolled off the door-steps in his excitement.
"Well, I've said it, and now what of it?"

"A swarm of bees swarms because the swarm gets so large that there ain't room for all in the hive. If there was room there'd be no swarmin'. Can't you understand that?"
"Yes, you may be right."

"For two weeks before the swarmin' takes place they are all upst and loadin' around. The same is the case for two weeks afterward. There's a workin' month lost. S'pose that could be saved? Wouldn't they produce a heap more money? Wouldn't the owner of the hives be saved a heap of bother and trouble?"

"It looks that way, pa, but—"
"Now don't go to throwin' any cold water until you hear it all. S'posin' I had a four story beehive. That would give two swarms twice the room they have now. Havin' twice the room, they wouldn't swarm only once in two years instead of every year. Do you see the point?"

"I seem to, but lemme see how that pie is comin' on. Now go ahead agin. Why not make an eight story hive, and then they wouldn't swarm but once in four years?"

"It would have to be as big as a house for that," answered the man with an idea. "I'll start with a four story and see how that works."

"What! Are you goin' into bees?"
"I am, Hanner. I'll set to work this very day on a four story hive and before sundown tomorrow I'll have two swarms of bees into it. By thunder, but I've hit it!"

"Now, pa!"
"I ain't swearin'; I'm jest a little excited. How on earth Christopher Columbus, George Washington and Napoleon Bonaparte passed over the idea I can't understand. It's the biggest thing mortal man ever thunk out, and I'll see about havin' it patented next week. Meanwhile don't you lisp a word. On your life, don't mention it to a single person. If they ask what the four story beehive is, tell 'em it's a henhouse."

The wife promised, and the husband went to the barn and began his work at once. It was two days before he had the hive in place. Each swarm had two full floors to itself, and when they got too large the first could move up into the second and the third into the fourth. Each swarm had its own front and back doors, and if they didn't get along in a neighborly way it was not the builder's fault. A farmer six miles away had swarms to sell, and when the big hive was ready Mr. Perkins explained:

"There is to-day a crying need of a reformation in the treatment of the body. The basis of this reformation is to be found in the thesis of Dr. R. V. Pierce: 'Diseases which originate in the stomach must be cured through the stomach.'"

In the forty odd years of Dr. Pierce's experience as chief consulting physician to the Invalids' Hotel and Sanitarium in Buffalo, N. Y., he has treated more than half a million people, with a record of ninety-eight cures in every hundred. The theory held by Dr. Pierce is that the stomach is the chief breeding place of disease, and that the success of his treatment primarily is addressed to the stomach and other organs of digestion and nutrition. No other medicine acts so powerfully and as perfectly on the stomach and other organs of digestion and nutrition, as Dr. Pierce's Golden Medical Discovery. Men and women afflicted with shortness of breath, heart disease, suffocation, dizziness, spots before the eyes, "liver pains," and similar ailments have been promptly and perfectly cured by the use of "Golden Medical Discovery."

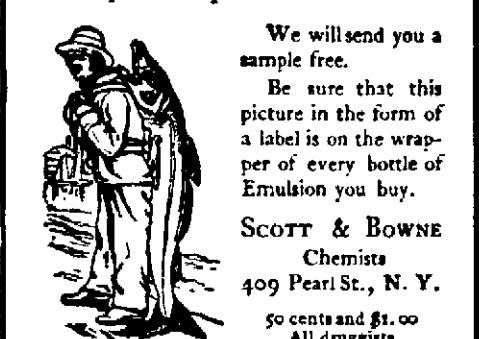

Miss Lucilla Bonine, Curator Natural History Society, of Los Angeles, suffered with Lancing, Michigan. "I suffered with indigestion for nearly seven years, and this caused me to grow very thin and pale, at the same time my blood became poor and I was so nervous and anemic that I was unfit to attend to my daily duties. Heart was also affected and fluttered at the least excitement. I spent a lot of money doctoring and found no relief, until I took Dr. Pierce's Golden Medical Discovery. It toned up my stomach and I began to have a splendid appetite; had no trouble with my digestion, and I began to pick up and get strong. I soon saw my blood flowing in my veins, and I now, rich blood, have the beauty and joy of life. I have now enjoyed perfect health for a year, thanks to Dr. Pierce's Golden Medical Discovery."

Every Two Minutes

Physicians tell us that all the blood in a healthy human body passes through the heart once in every two minutes. If this action becomes irregular the whole body suffers. Poor health follows poor blood; Scott's Emulsion makes the blood pure. One reason why

SCOTT'S EMULSION

is such a great aid is because it passes so quickly into the blood. It is partly digested before it enters the stomach; a double advantage in this. Less work for the stomach; quicker and more direct benefits. To get the greatest amount of good with the least possible effort is the desire of everyone in poor health. Scott's Emulsion does just that. A change for the better takes place even before you expect it.

We will send you a sample free.
Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

got a horse and wagon and a few inmates. The farmer wanted to get out of bees, their habits, their stings, and to give his customer some pointers, but Mr. Perkins was on his guard. Not a word did he say to give his secret away. He brought the bees home at night and arranged the hives so that they must leave them in the morning for the larger affair, and when he went to bed he rubbed his hands and said to his wife:

"Hanner, I can't comprehend how I ever got that idea, but it's goin' to bring us in bar's and bar's of money. When you are rollin' in diamonds you'll know who to be thankful to."

The sun came up hot and red next morning, and as soon as it burned up the mist the bees were heard from. Each swarm was willing to occupy the new hive, but each wanted it all for itself. It didn't take long to start a scrap and three minutes after it started it took in all the insects. After a beautiful old row they suddenly made up their minds that "the man higher up" was responsible for the whole thing and they went after him. Incidentally they jabbed Aunt Hanner about a dozen times. Incidentally also they went for the neighbors on either side and then continued on into town and the number of victims finally tallied up about 150. There was mourning and lamentation galore and when the mob finally reached the Perkins' house to wreak its vengeance they found the hens trying to take possession of the big hive and Pa Perkins to swathed in bandages that they could not even see an eyelash as he feebly explained:

"Them bees ought to have gone in there and behaved themselves, but they wouldn't do it and here I've lost as good as three days and them squashes won't amount to shucks."

The Gentle Orientals.

To rid themselves of an enemy, the residents of oriental countries frequently mix with the food of the person of whom they would be rid the tiny black specks found under the sheath leaves at the joints of bamboo. These specks, seen under a microscope, are veritable barbed arrows, and once taken internally resist the action of the gastric juices and set up an intestinal inflammation that invariably causes death.

The Bad Part.

"The only thing bad about it," growled her father, "is that it isn't true."—Chicago News.

Thanksgiving Day Proclamation.

President Roosevelt has issued his proclamation naming Thursday, November 23 next, as a day for Thanksgiving.

"A PROCLAMATION."

"When nearly three centuries ago the first settlers came to the country which has now become this great republic, they confronted not only hardships and privation, but terrible risk to their lives. In those grim years the custom grew of setting apart one day in each year for a special service of thanksgiving to the Almighty for preserving the people through the changing seasons. The custom has now become national and hallowed by immemorial usage.

"We live in easier and more plentiful times than our forefathers, the men who with rugged strength faced the rugged days; and yet the dangers to national life are as great now as any previous time in our history. It is eminently fitting that once a year our people should set apart a day for praise and thanksgiving to the Giver of good, and, at the same time, that they express their thankfulness for the abundant mercies received, should manfully acknowledge their shortcomings and pledge themselves solemnly and in good faith to strive to overcome them.

"During the past year we have been blessed with bountiful crops. Our business prosperity has been great. No other people has stood on as high a level of material well-being as ours now stands. We are not threatened by foes from without. The foes from whom we should pray to be delivered are our own passions, appetites and follies; and against these there is always need that we should war.

"Therefore, I now set apart Thursday, the 30th day of this November, as a day of thanksgiving for the past and for prayer for the future, and on that day I ask that throughout the land the people gather in their homes and places of worship and, in rendering thanks unto the Most High for the manifold blessings of the past year, consecrate themselves to a life of cleanliness, honor and wisdom, so that this nation may do its allotted work on the earth in a manner worthy of those who founded it and of those who preserved it."

Tragic Death of Missionaries.

Rev. and Mrs. John Rogers Peale were two of the Presbyterian missionaries who were murdered in an outbreak of Chinese recently at Lienchow. Rev. Peale was born at New Bloomfield in 1879, graduated from Lafayette in 1902 and from Princeton Theological Seminary in 1905, being honor man at both places. He was ordained a missionary evangelist in May last. A few days before his departure for China, Mr. Peale was married to Miss Gillespie of Port Deposit, Md., and his bride sailed with him to share in his missionary work and as it turned out in his tragic death. They could hardly have been in the field more than a week at most before they were murdered. The exclusion laws of this country against the Chinese may have had some influence on the situation. Practically all the Chinese in the United States have come from the province in which Lienchow is. Their treatment has exasperated many of the people and with the growing consciousness of power that has come to China over the result of the Japan-Russia War there has come a poorly concealed feeling of enmity. The recent boycott of American goods is an example. We had better have shown to these people the same spirit which governed the founders of our Republic.

In Proof of an Old Adage.

It is a dangerous thing for a man to be his own lawyer, even if he has been Chief Justice of the Supreme Court of Pennsylvania, as has developed in the case of former Chief Justice Edwin M. Paxson. He wrote his own will, according to which a large portion of his estate was left in trust to found a Home for Poor boys, where they shall be taken care of during the ages of 16 and 21 years, and educated as farmers, gardeners etc. The law provides that such a charity shall be witnessed in writing by two persons and notwithstanding Justice Paxson's wide legal knowledge, he failed to have this clause witnessed, and if his heirs object to it, they will have no difficulty in having the clause adjudged null and void.

Agreed.

The Chrysanthemum Show.

The chrysanthemum show in the Reformed Church at Cashtown Saturday afternoon turned out to be a county event. Gettysburg, Mummansburg, McKnightstown, Arendtsville, Fairfield and Buchanan Valley were represented.

The gorgeous flowers were harmoniously arranged as to form and color and were on display some time before they were given to buyers.

The scene in the church was interesting. There were confusion of tongues, good humor, enthusiasm and animation. More men were present than at the former show. The young men of the village turned out well groomed for the occasion, some of them wearing a big "mum." The interest the young men took in the show was more appreciated than they knew. It gave evidence of the right kind of local pride.

The ladies of the church thank every one for their interest and patronage. They appreciate the kindness of Gettysburg people who from the first

This chrysanthemum exhibition by a church in a small country village teaches some lessons. It shows what can be done by a few people. It shows how readily a response is made to something beyond common every-day life and such refining influences are needed in the small villages. It is a lesson in civic improvement and what may be done for the uplifting of country life. Proceeds of show, \$56.43.

Damage Done When Fire Raged.

The bright light in the west on Sunday night was a fire on Jack's Mountain, near the summit. A quantity of young timber was burnt over, some railroad ties were lost, but no buildings. A large gang was out and fought the fire for hours, but it had not been altogether outened on Monday.

The large bank barn on farm of Geo. Shriver, in Liberty township, tenanted by John P. Eyler, was destroyed on Monday morning of last week, together with this year's crops. The wagon shed, corn crib, hog pen, and all the other outbuildings were burned. The house was not burned. The origin of the fire is unknown, but when discovered between 2 and 3 o'clock in the morning it was impossible to remove horses from barn. Six horses belonging to Mr. Eyler were burned. Cattle were not in barn and escaped. The hogs were gotten out of the pens before that building took fire. J. Stewart Annan, of Emmitsburg, lost a hay packing press. The barn was insured in the Adams County Mutual Fire Insurance Co. The tenant had some insurance, but his loss will be heavy.

On last Tuesday morning the restaurant of Fannie Snyder burned to the ground. The cause of the fire was the igniting of paper placed too near a coal oil stove. The neighboring houses were saved only after the hardest kind of work.

On Saturday night previous to last two fires the dwelling house and out-buildings of the Glacken heirs in Liberty township burnt to the ground. The dwelling was a two story log building. The house was not occupied at the time, but Michael Glacken it is said was going to move into it in a few days.

THE OLD TOWN OF ABBOTTSTOWN MADE TO LOOK SMALL

Improvements in New Oxford—Threw Lamp Out of Window—Taffy Party.

A paragraph has been going the rounds about Abbottstown which makes that town look small. The paragraph does not tell the whole truth and in what is not told injustice is done the oldest town in Adams Co. The paragraph states that in a directory published in 1890 there are the names of 108 male residents of Abbottstown. Today there are only 23 of these gentlemen living in Abbottstown, all the others having died or removed from the town. It is added that this shows a wonderful change to be effected in only a quarter of a century. If an inventory of a half century could be found all the male citizens might be found dead or removed. There are, however, more than 23 male residents in Abbottstown today and in leaving untold this fact injustice is done the town. On the list of voters today there are 90 male residents above the age of 21 years and if all the voters reported to have been seen around that town before election days are half true one might say that the number of males was even more numerous than shown by list of voters.

L. W. Livingston of New Oxford has completed a large new store room in building recently purchased from Sheely estate. The room has been neatly fitted up making a large and fine looking store, where he conducts the West End Grocery, which has been a successful business under his management.

E. G. Lough of the firm of Lough & Son of New Oxford is preparing to build a residence in the spring. The building will be constructed of cement blocks.

Oxford Twp., Nov. 10.—While dressing to go on a pleasure trip one evening last week Harry B. Slagle threw from his room a lamp which was burning at full blaze. The lamp while on its way from second story to the ground looked very much like a meteor descending to earth. The lamp was fortunate enough not to have either gloze or handle broken. The oil in the bowl was on fire which made it look very dangerous. Upon striking the ground I. W. Appier ran to the rescue of the lamp, placing a heavy sack upon it to smother the flames. Upon taking the sack off all was a blaze again. The second application of the sack did the work. Mr. Slagle, gathering up lamp and gloze, set it in trim and proceeded to dress.

A very enjoyable taffy party was held at the home of Mr. and Mrs. Daniel Krug Oct. 31st. Mrs. Ward's New Novel Begins in the November Issue and Will Run Several Months.

The lavish promises of a year ago were splendidly fulfilled in "The Century" during 1905—its verse and essays, its pictures and fiction, its articles of timely interest and permanent value, went beyond all promise and expectation. The feast in 1906 will be even richer than in 1905. There will be the new novel by Mrs. Humphry Ward, "Fenwick's Career," a new humorous serial by the creator of "Susan Clegg" and short stories by the ablest and most popular writers of the day. There will be authoritative accounts of such wonderful work as our construction of the Panama Canal. W. S. Harwood will tell of "Saving California's Crops." The director of Cornell's School of Agriculture, Professor L. H. Bailey, will discuss the important problem of the young man and the farm. There will be many other articles of kindred value and interest.

"Lincoln the Lawyer"—the law career of Lincoln has been neglected, in the opinion of authorities like President McKinley and the Hon. Joseph H. Choate will begin in the December Century. Frederick Trevor Hill has made an exhaustive study of this phase of Lincoln's life and development, with the assistance of able Illinois lawyers and officers of the Illinois Historical Society and his series of papers will be rich in new and valuable material. Pictorially "The Century" will be more beautiful in 1906 than ever before—Howard Chandler Christy's pictures of the American girl, in full color, will be one of many features. It will contain the cream of the best in American literature, art, and thought.

Immediate subscription brings the first chapters of Mrs. Ward's new novel and the beautiful November number.

GOOD SPIRITS.—Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At Huber's Drug Store.

NO POISON IN CHAMBERLAIN'S COUGH REMEDY.—From Nepier New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines Iowa, U.S.A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, croup and whooping cough. This remedy is for sale by J. H. Huber.

E. K. GARDNER, of York Springs, has a sore hand from kick of a horse.

EVERY ounce of food you eat that fails to digest does a pound of harm. It turns the entire meal into poison. This not only deprives the blood of the necessary tissue-building material, but it poisons it. Kodol Dyspepsia Cure is a perfect digestant. It digests the food regardless of the condition of the stomach. It allows that organ to rest and get strong again. Relieves Belching, Heart Burn, Sour Stomach, Indigestion, Palpitation of the Heart, etc. Sold by L. M. Buehler.

Geo. A. KLINGEL, of New Oxford, held the lucky number winning the graphophone in chance held by Mervin Gable.

BUT few people are entirely free from indigestion at this season of the year. Kodol Dyspepsia Cure is not only the best remedy to use because it digests what you eat but because it also enables the digestive apparatus to assimilate and transform all foods into tissue-building blood. Kodol relieves sour stomach, heart burn, belching, and all forms of indigestion. Sold by L. M. Buehler.

The five year old son of E. K. Hetrick, near Swartz's school house, was run over by his father's cow, the left thigh bone being broken.

THE EXACT THING REQUIRED FOR CONSTIPATION.—As a certain purgative and stomach purifier Chamberlain's Stomach and Liver Tablets seem to be the exact thing required, strong enough for the most robust, yet mild enough and safe for children and without that terrible griping so common to most purgatives," says R. S. Webster & Co., Udon, Ontario, Canada. For sale by J. H. Huber.

SIXTY-FIVE chickens were recently stolen from George Harbold, near Bernaduin.

HERB W. EDWARDS INJURY.—Herb W. Edwards of Des Moines, Iowa, got a fall on a icy walk last winter, spraining his wrist and bruising his knees. "The next day," he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed them well with Chamberlain's Pain Balm and after a few applications all soreness had disappeared." For sale by J. H. Huber.

MARTIN WENTZ, of Round Hill, lost a fine beifer recently.

You want a remedy that will relieve the lungs and keep expectoration easy. You want a remedy that will counteract any tendency toward pneumonia. You want a remedy that is pleasant and safe to take.

Chamberlain's Cough Remedy meets all of these requirements and for the speedy and permanent cure of bad colds stands without a peer. For sale by J. H. Huber.

POINTED PARAGRAPHS.
 Some men work just enough to keep dirty.
 Every one wants always to be able to work, but not always to have to.
 If you don't like certain persons, how you hate to hear their money rattle!
 He is the man who is talking too much when your listener tries to pull away from you.
 After a man passes fifty it is impossible for him to get up any enthusiasm about anything but his troubles.
 Ever notice how the big flies avoid fly paper? It is the same with the really big men. They are seldom caught.
 You can follow directions in making a cake or cutting out a shirt, but there are no directions that can be followed successfully in managing a man. Some-how he is not like a cake or a shirt.—Atchison Globe.

Helping Him Out.
 For years Squire Latham, of whom many amusing stories are told, was a resident of Bridgewater, Mass., and it was while he was living there that the incident occurred which is related below. It illustrates his habitual coolness and whimsical temper:
 He was awakened one night by his wife, who told him she thought there were burglars in the house. The squire put on his dressing gown and went downstairs. In the back hall he found a rough looking man trying to open a door that led into the back yard.
 The burglar had unlocked the door and was pulling it with all his might.
 "It don't open that way, you idiot," shouted the squire, taking in the man's predicament instantly. "It slides back!"

How Tortoise Shell Is Worked.
 The soldering of two pieces of tortoise shell together is effected by means of hot pliers, which, while they compress, soften the opposed edges of each piece and amalgamate them into one. Even the raspings and powder produced by the file, mixed with small fragments, are put into molds and subjected to the action of boiling water and thus made into plates of the desired thickness or into various articles which appear to have been cut out of a solid block.

Early Timekeepers.
 The clepsydra, or water clock, was used at Babylon at a very early date and was introduced at Rome by Scipio Nasica about the year 158 B. C. Toothed wheels were added to it by Ctesibius about 140 B. C. Some writers aver that they were found to be in use in Britain by Caesar in the year 55 B. C. The only clock in the world is said to have been sent by Pope Paul I. to Pepin, king of France, in the year A. D.

VACCINATION MAKES TROUBLE

Aspers, Nov. 11.—The public schools of Menallen township are almost entirely without pupils owing to a determination by the parents to refuse to have their children vaccinated. The feeling here is most bitter and it seems very likely that many children will remain out of school the balance of the winter.

John Jacobs and brother, plasterers of Arendtsville, who have been engaged on the different new buildings at this place during the summer are now making preparations to plaster the new house erected by H. A. Naylor, Jr.

Andrew Brough has been quite ill

the past week but is now somewhat improved.

Filmore Peters recently sold two calves, one a bull weighing 249 pounds when eight weeks old, the other a heifer weighing 187 pounds when seven weeks old.

Samuel H. McBeth, whose barn burned recently near Mt. Tabor Church has mechanics at work and will raise the frame for a new one in a few days. Mr. and Mrs. Oba. J. Ziegler and son Roscoe of Steelton visited friends in this section last week.

Edward Ross, who moved from his farm near Mt. Tabor to Mt. Holly Springs last April, is very seriously ill, suffering from dropsy.

Drummer W. W. Meals was home with his family at Center Mills over Sunday.

Mrs. Mervin Heiler and daughter Lillian of Reading spent several days with Mrs. E. Jennie Day last week, as did also Oliver Murtorf of the same place.

John W. Eppelman showed us a cluster of ten ripe blackberries with a number that had not ripened which were a second crop this season.

Calvin Deatrick has moved into his new house as has also Chas. E. Bushey. George Joyce loaded a carload of potatoes last week for which he paid 55 cents per bushel.

NO EMPTY HOUSES.
